AGNALDO LISBOA

WEB DESIGNER & GRAPHIC DESIGNER

ABOUT ME

I am a digital creative and web designer with experience in WordPress, branding, and graphic design. I have developed over 15 professional websites across different industries, helping businesses and entrepreneurs strengthen their online presence. In addition, I work with artificial intelligence and prompt engineering, using tools such as ChatGPT and MidJourney to accelerate creative processes, generate innovative ideas, and deliver more efficient digital solutions. I am passionate about combining modern design, technology, and strategy to deliver high-impact results.

JOB EXPERIENCE

FREELANCE WEB DESIGNER

2021 -Present

Remote

- Development of 15+ professional WordPress websites (institutional, e-commerce, and landing pages).
- Creation of visual identities and graphic materials in Photoshop.
- Experience with hosting, domains, and website optimization.
- Creation of strategic prompts for generating content, images, and automations with AI tools (ChatGPT, MidJourney, etc.)
